

Communication 2: Reminder Airgas Exemption Letter

7/31/23

****If you do not order medical grade gases from Airgas, please disregard this message****

Reminder
Airgas – Exemption Letter

Dear Research Community:

The State of Florida requires that each user ordering medical gases (i.e., oxygen, carbon dioxide, liquid nitrogen, etc.) for use in research protocols, to have an exemption letter. To obtain an exemption letter, please submit the application following the steps below.

1. Go to <https://www.myfloridalicense.com/datamart/loginFLDBPR.do?logout=true>
2. Create an account if you do not already have one.
3. Select Apply for a New License
4. Under Licensing & Regulations select Drugs, Devices & Cosmetics
5. Go to Exemptions
6. Select Online Applications and complete the Exemption Letter - Application Summary
7. When asked for supplier information, please select "Airgas USA LLC" located at 7280 NW 58th Street, Miami, Florida 33166 license number 311170

The address listed in the exemption letter must match the address (including room number) where the gases are going to be delivered and stored. Please note that if you move your laboratory to another location (i.e. address, room, floor) you need to update the exemption letter and send a copy to Airgas at aso.miami.medical@airgas.com. **Non-compliance will delay the fulfilling and shipment of your order.**

To avoid any delays in obtaining the Exemption Letter, please submit your application four months in advance. **Airgas cannot deliver the gases unless it has a copy of the exemption letter on file.**

Should you have any questions, please contact:

Tonya Rainey trainey@miami.edu – 305-284-8883 or

Maita Beguiristain m.beguiristain@miami.edu – 305-284-8997.

Thank you for your continuous assistance.
